

Quality First recognizes...

Rooms Achieving Maintenance Status

Supporting Quality Care and Learning for all Children and Youth.

May 2006-May 2010

The Front Line Staff and Supervisors of these centres demonstrated great enthusiasm for professional development, and continued commitment to improving their program's curriculum and environment. They focused on increasing positive interactions with their children, developing their partnerships with families and professional resources in the community as well as increasing their awareness of quality inclusive practices and assisting college students as they enter the Early Childhood profession.

We thank you for your hard work and commitment to Quality childcare and what it means to all the families within your community. Congratulations!
